

# THE POWER OF SUSTAINABILITY

## MEET THE WORLD'S TOP EXPERTS IN SUSTAINABLE RAINWATER HARVESTING AND POND TECHNIQUES

Ed Beaulieu, Chief Sustainability Officer of Aquascape, will speak on Sustainable Water Management Techniques. Don't miss this powerful

presentation on the latest techniques. Your business will be transformed by his knowledge of the design, sale and implementation of rainwater capture systems through case studies of sustainable projects. You'll learn how you can efficiently capture, filter and store water for use with a few conscientious design techniques, all without compromising great landscape design.

*Canwest Hort Show seminar  
Wednesday, September 28  
3:00-4:30pm*

Greg Wittsock, founder and CEO of Aquascape and known as the "Pond Guy" will be in attendance and will be available later that same day in the hospitality suite

at the Renaissance Vancouver Harbourside Hotel. Come and meet him and chat. Learn about the latest developments in water gardening, pond design, pondless waterfalls and sustainable rainwater harvesting.

*Renaissance Vancouver Harbourside  
Port of Singapore room (third floor)  
Wednesday, September 28  
6:00-10:00pm*

The CanWest Hort Show has been the meeting place for buyers and sellers of BC's nursery, floriculture and landscape industry

for 30 years. Western Canada's largest horticultural trade show, with more than 400 booths, seminars, and much more.

*Under the green roof at the Vancouver Convention Center  
1055 Canada Place, Vancouver BC  
September 28-29, 2011*
